Bachelor of Science In Pure Chemistry
Lagos state University (Lasu)

MAY 2022

ADDITIONAL HIGHLIGHTS

- Proficient in leveraging frontend frameworks to design intuitive, performance-driven user experiences.
- Passionate about continuous learning and staying updated with emerging technologies in the software development space.

PROFESSIONAL SUMMARY

Versatile Frontend Developer with practical experience in React.js, Next.js, and Tailwind CSS, currently expanding into Fullstack Development with hands-on skills in Node.js and Express.js. Proven ability to build responsive UIs, integrate APIs, and develop real-world web applications from scratch.
Skilled in building RESTful APIs, managing component state, and implementing mobile-friendly, accessible designs. Familiar with MongoDB, Git, and API testing tools like Postman. Quick to adapt and fully equipped to contribute to real development teams and production environments.

EXPERIENCE

Cosonas London (remote)

Frontend Developer (Nextjs & React-Native) | Sep 2024 – May-2025

- Led frontend development for two edtech web applications, focusing on streamlining student onboarding and creating intuitive admin dashboards using Next.js.
- Built and deployed cross-platform mobile features using React Native with Expo, including secure authentication flows and responsive UI components, thereby improving feature parity across web and mobile platforms and increasing user engagement by 20%.
- Conducted thorough code reviews and implemented best practices to maintain high code quality, security standards, and compliance with industry regulations.

Loger Limited Lagos (remote)

Frontend Developer | Feb 2024 – Sept 2024

- Led frontend development for the MVP of a real estate management app using Next.js,.
- Translated detailed UI designs into pixel-perfect, fully responsive interfaces that improved user engagement and satisfaction.
- Architected a scalable, maintainable codebase following best practices and incorporating popular libraries, reducing onboarding time for new developers by 30%.
- Collaborated closely with backend developers to optimize API communication, improving data transfer efficiency by 20%.

Voltwolf Ltd Lagos (onsite)

Frontend Developer | Jan 2023 – Feb 2024

- Translated detailed UI designs into pixel-perfect, fully responsive interfaces that improved user engagement and satisfaction.
- Developed a fintech web dashboard for loans, card transactions and user wallets.
- Collaborated closely with backend developers to optimize API communication, improving data transfer efficiency by 20%.

Nupat Technologies, Lagos (Hybrid)

Frontend Developer | Jan 2022 – Nov 2022

- Assimilated and applied best practices in coding, architecture, and SEO, enhancing the quality and performance of web applications.
- Partnered with UI/UX designers to create visually appealing and responsive user interfaces, enhancing overall user satisfaction.
